“Beyond Academics: Building Character, Confidence, and Compassion.”

As a parent of two children currently flourishing at JUSCO School, Kadma, I am pleased to express my view that the school is more than just an academic institution; it is a nurturing space that promotes holistic development. The school's vision and mission are reflected through its strong academic foundation, value-based education, and well-planned co-curricular activities.

Dedicated leadership, committed teachers, and a supportive environment ensure that every child receives personal attention and opportunities to grow. The school focuses on character building, discipline, compassion, and excellence, helping students develop into confident, responsible, and well-rounded individuals

A SCHOOL THAT CARES BEYOND BOOKS

"As a parent, I believe that school is an important educational institution that plays a vital role not only in academic learning but also in the physical and mental well-being of our children. Through sports, physical activities, and regular routine, the school helps children stay active and healthy. At the same time, a positive school environment, caring teachers, and supportive peer interactions nurture childrens' mental health by building confidence, emotional balance, and social skills. Such holistic development prepares our children to face future challenges with strength and resilience."

SPARK YOUR SMART SIDE

Kites of colour fill the sky,
We cheer and shout as they fly high.
Tilgul sweets and bright sunshine,
Which winter festival am I ??

We pull but do not open,
We shout but do not speak.
One side's joy is loud and wild,
The other side feels weak.
No ball, no bat, no race, no run—
Just one long rope decides who's won.
Which game am I ??

I have many pages but no voice to speak,
Yet I teach you something, every day, take
you places far off the sea, so full of stories
and fun,
Turn my pages—adventures begun!
What am I?

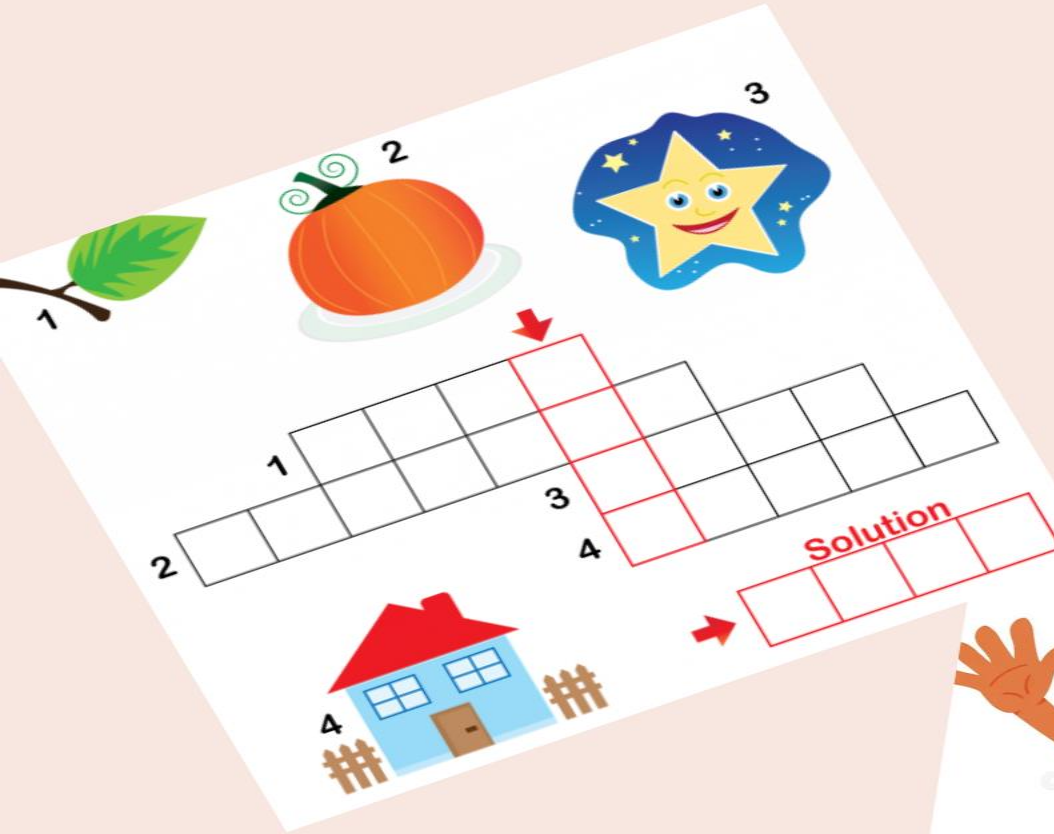

I come in January with bonfire light,
Singing and dancing deep into the
night.
Peanuts and popcorn in every hand,
Which winter festival warms up the
land ??

Two move like one with tied-up feet,
Stumbling, laughing down the lane.
If they don't work in perfect rhythm,
They will fall again and again.
Trust and timing win this race,
Not just speed or body's pace.
Which game am I ??
